Their member number

**Description** - This is the info about your quilt that everyone will be reading at the show. So, it helps if you include - the who, what, when, where, and why of your quilt. Prewriting this in a word document and saving it to cut and paste into your entry is an easy way to complete this. The word document will also tell you how many characters you have used, help you with your spelling and some may even give you grammar guidance. No editing of this is done once you have completed your entry form. It may be shortened - if too lengthy. This description is one line too wordy!

**Special Awards** - Please indicate which awards you would like the judges to consider your quilt for. If your Quilt has been quilted by a Commercial Quilter, it cannot be considered for any of the Quilting awards.

HAND QUILTING - MACHINE QUILTING Amateur or Professional - TRADITIONAL QUILT - THEME QUILT Flying Geese

**Quilt Collector** - we ask that you choose someone close to you. If unable to drop your quilt off and pick it up, then please opt to **post** your Quilt. You will need to include your own return postage.
