

Carol Cooke

*Contemplation
Cloth*

and Improv Embroidery

Sat 24th Aug – Sun 25th Aug 2024

Carol is a Canberra based embroiderer inspired by nature and the designs and patterns that are man-made. By looking at pattern repeats she sees possibilities for stitches that can easily convert into simple shapes, allowing them to be filled with colour and texture.

Much of Carol's work opens conversations to environmental, social and political issues, the past and the future. Carol stitches daily, exploring experimental embroidery and records the process in her journals.

Carol has designed the bird piece for day one of our workshop and the book will be worked on in day two.

Nick Wilson

*Free motion/ruler/quilt
as you go class*

Sat 16th Sun 17th Nov 2024

Nick was taught to sew, as a child, by his mother and therefore has a sentimental connection to sewing. His passion for quilting truly began in the early 90s and more recently he has become known for his innovative quilt designs and techniques that push the boundaries of what a quilt can be. He has experimented with various tools and mediums that would not generally be found in traditional quilting.

In more recent times, Nick has been sharing his passion for free-motion quilting through classes and workshops, encouraging other quilters to move outside their comfort zone and explore the freedom that it gives. Nick is an inspiring and patient teacher who understands the challenges that can arise when you try something new.
